

# LIFT HOR Claw

by Thor's Drone World

User's Manual

# Content:

- A. (2x) mounting brackets.
- B. Adjustable lanyard
- C. 2x M4 Thumb screws

# How to mount:

Find the corresponding mounting bracket for each size and align it to the controllers mounting point.

Secure them in place with the provided M4 thumb screws.

Strap the lanyard and adjust the length if necessary.

You have  
successfully  
mounted the  
LifThor Claw –  
Lanyard system.
